Resene

Get filing!

It's super easy to organise your pictures and school science projects with this cool space-age storage file.

You will need:

- Large cardboard art wallet
- Paintbrushes (including an artists' brush)
- PVA glue
- Resene Art Action Quick Dry waterborne primer undercoat
- Resene Art Action Metallics in Resene Silver Aluminium
- Resene Testpot of Resene Victoria
- Space stickers or pictures cut from a magazine

Step one
Paint the front of the art wallet with one coat of Resene Quick Dry. Once dry, turn the art wallet over and paint the back. Leave to dry.

Step two
Paint the front of the art wallet with one coat of Resene Victoria. Once dry, turn the art wallet over and paint the back. Leave to dry, and then apply a second coat to each side.

Step three
Once the paint has dried, use PVA to glue the space pictures and stickers around the edge of the front of the wallet, as shown. Leave the glue to dry for a couple of hours.

Step four
Paint the words 'My Space File' across the front of the wallet using Resene Silver Aluminium. Allow to dry then get filing!

Top tip:

Cardboard art wallets like this are available at most stationery shops and art suppliers.

Here's another idea:

Paint an art wallet with Resene Balloon and Resene Fairground to create a funky storage file for your favourite photos.
