

Resene product labels are updated from time to time. This label is provided as a guide for this product and may differ from the label on the container you purchase. Please discuss your project with your local Resene ColorShop team or reseller to ensure you have the right products to give you the best quality finish for your specific project.

EnviroWISE

Disposal and Spill Kit

Read label before use. Keep out of reach of children.

FIRST AID

IF SWALLOWED: Rinse mouth. Call a POISON CENTRE, doctor or first aider if you feel unwell.

IF ON SKIN (or hair): Rinse skin with plenty of soap and water. If skin irritation or rash occurs get medical advice or attention.

IF IN EYES: Rinse cautiously with water for several minutes. If eye irritation persists get medical advice or attention.

IF INHALED: If breathing is difficult, remove to fresh air and keep at rest in a position comfortable for breathing.

If medical advice is required have product container or label at hand.

Further information can be obtained from

AUST: POISONS INFORMATION CENTRE 131 126 or call Resene 1800 738 383.

NZ: NATIONAL POISONS CENTRE 0800 POISON (764 766) or call Resene 0800 737 363.

The Resene EnviroWise Safe Paint Disposal material is designed to allow you to treat any unwanted leftover paint so it is ready for safe disposal. If the paint is reusable, we recommend you donate it to a local charity or community group. If there is only a small amount left in the container, allow to dry out of reach of children then dispose of the dry paint and recycle the paint container. If the paint container has a larger volume of unusable paint left, follow the directions below. Not recommended for two pack products.

1. Ensure the area you are working in is well ventilated before opening any paint containers.
2. Pour in the EnviroWise absorbent material on a 1:1 ratio by volume to the paint you wish to dispose of.
3. Mix thoroughly using a strong mixing stick ensuring that you have a uniform mix right to the bottom of the can.
4. Immediately scrape mixed material out onto newspaper placed over a plastic bag.
5. Allow to dry in a well ventilated area out of the reach of children for a minimum of 24 hours (waterborne) or 24-48 hours (solventborne), then dispose of the dried paint in your normal household rubbish. Put the empty can in your recycling bin or recycle through Resene PaintWise (NZ) or Paintback (AU).

Spills

If you spill paint, pour EnviroWise absorbent material onto the spill to absorb the paint, then collect the mixed material, allow to dry and dispose of it in your household rubbish.

Be PaintWise

For tips on responsible disposal of paint, cleaning equipment and minimising the impact of your decorating on the environment see the Resene website. Do not discharge any paint into the environment. Resene PaintWise (NZ) or paintback.com.au (AU) accepts residual unwanted paint and packaging. Or contact your Local Authority for disposal information.
