

It's in the bag

Transform a plain bag into a summery tote with this pretty monstera leaf motif

Whether you use it as a beach bag, shopping bag or grocery bag, this simple stencilled tote is a fun and quick project you can do within an hour.

YOU WILL NEED

Fabric tote bag

Monstera palm stencil – buy or create your own using a downloaded image

Sticky tape or masking tape

Cardboard or similar, to fit inside bag

Small piece of sponge

Resene testpots in your chosen colours

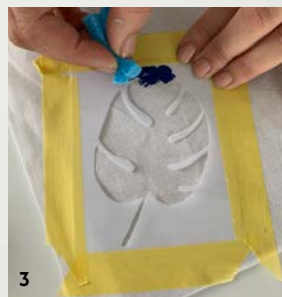

1 Lie bag flat and position your stencil where you want it to go on the bag. Fix in place with sticky tape or masking tape.

2 Place cardboard or similar inside bag to stop paint leaking through to the other side.

3 Using a small piece of sponge, dip into the Resene testpot and dab paint inside the stencil until it is filled in.

4 Wait 15 minutes for the stencil to dry then peel off. Tape stencil to another part of the

bag and repeat steps 3 and 4 until you have 3 leaf designs. Leave to dry completely.
