**RIGHT** Mural wall painted in Resene SpaceCote Low Sheen in Resene Morning Glory (top), Resene Sea Fog (middle) and Resene Dauntless (bottom), [resene.co.nz/colorshops](http://resene.co.nz/colorshops). To create the mural paint a 30cm strip of Resene Sea Fog through the mid section of the wall. Cut a wave symmetrical curved semicircle from a piece of cardboard to use as a stencil. Once the paint is dry, draw the bottom line of waves with your stencil. Paint Resene Dauntless on the underside of this line and fill in to the floor with a roller. Repeat this process on top by drawing another stencilled wave line. Paint the upperside of this line with Resene Morning Glory and then roll the remainder of the wall upward.

**TIP**  
Add foraged finds to your theme by painting driftwood and other treasures in Resene testpots or paint leftover from your wall painting

**LEFT** Credits listed on previous page.

**OPPOSITE PAGE** Tongue and groove wall painted in Resene Sea Fog.
