RESENE Triple Athens Grey

RESENE Half New Denim Blue

RESENE Exponent

## SEA CHANGE

*Mutable, magical washed shades of blue and green: crossover colours that never really go out of fashion.*

With these colours, you can be as modern or traditional as you like. Go for a retro twist with turquoise, or create a classic Victorian look with a pale eggshell shade. Don't be afraid to use more than one of these colours in the same space, but keep to low sheen and flat finishes such as Resene SpaceCote.

Available from Resene ColorShops and [resellers.co.nz](http://resellers.co.nz), 0800 737 363.

View physical Resene samples before making a final choice.
