Resene kids art with Mark Rayner – 6

### You will need:

- 2 plastic craft eyes
- Coloured feathers
- Coloured pipe cleaners
- Glitter
- Paintbrush
- Piece of cardboard folded in half
- PVA glue
- Resene Art Action Tempera in Resene Cool Yellow and Resene Orange
- Safety scissors

#### Step one

Paint the front of your card with two coats of Resene Art Action Orange. Once it's dried, paint a head, neck and shoulders with two coats of Resene Art Action Cool Yellow.

#### Step two

Using the PVA, glue coloured feathers on top of the head to form crazy hair.

#### Step three

Stick on the plastic craft eyes, and cut pieces of coloured pipe cleaner with the safety scissors to make the mouth, braces, arm and hand. Carefully glue these into position with the PVA glue.

#### Step four

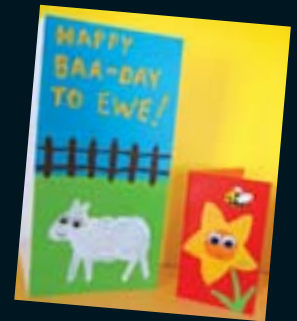

With the PVA write 'HI' in one corner, and sprinkle it with purple glitter. Make a squiggly pattern around the background and sprinkle this with gold glitter. Once the glue has dried, shake off the glitter, and there you have it – your very own greeting card!

Make this crazy card for family or friends and watch their reaction!

#### More info:

Plastic craft eyes, coloured feathers and pipe cleaners are available from most craft or hobby shops.

#### Here's another idea:

Create your own crazy cards for any occasion using Resene Art Action paints and plastic craft eyes.
