Resene kids art with Mark Rayner – 53

You will need:

- An MDF box (ours came from Spotlight)
- Resene Art Action glaze (gloss)
- Resene Quick Dry waterborne primer undercoat
- Blue sequins
- Gold glitter
- Paintbrush
- Resene testpot of Resene Westside

Step one

Prime the box with one coat of Resene Quick Dry and leave for one hour to dry.

Step two

Paint the box with two coats of Resene Westside, allowing two hours for each coat to dry.

Step three

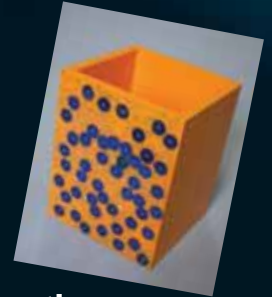

Mix the gold glitter into the Resene Art Action glaze and apply one coat to the front of the box, as shown.

Step four

Place some blue sequins onto the wet Resene Art Action glaze, as shown. Allow to dry for two hours before turning the box the right way up. That's sparkle-tastic!

Create this groovy sparkly box with some glitter, sequins and a little bit of help from Resene.

Top tip:

You could also use this technique to decorate school folders and exercise books.

Here's another idea:

Try using a basecoat of Resene Guardsman Red with Resene Art Action glaze mixed with gold glitter and gold beads.
