Resene

Chalk colour chair

★★☆ **Difficulty level** ★ easy ★★ moderate ★★★ challenging   **Fun with furniture with Mark Rayner – 64**

You will need:

- **Clean cloths**
- **Paint stirrer**
- **Paintbrushes**
- **Plastic container with clean warm water**
- **Karen Walker Chalk Colour tinted to Resene Powder Blue**
- **Karen Walker Soft Wax**
- **Resene Interior Paintwork Cleaner**
- **Resene Quick Dry**
- **Rubber gloves**
- **Sandpaper**
- **Varnished wooden chair**

Step 1
Wipe off any surface dust from the chair with a clean damp cloth.

Step 2
Thoroughly clean the surface using Resene Interior Paintwork Cleaner. Dry the surface with a clean dry cloth.

Step 3
Lightly sand the chair to 'key' the surface.

Step 4
Wipe off any sanding residue with a clean dry cloth.

Step 5
Carefully stir the Karen Walker Chalk Colour tinted to Resene Powder Blue.

Step 6
Apply one coat of Karen Walker Chalk Colour tinted to Resene Powder Blue to the chair and allow to dry.

Step 7
Apply a second coat of Karen Walker Chalk Colour tinted to Resene Powder Blue to the chair and allow to dry.

Step 8
Wearing rubber gloves, carefully apply a layer of Karen Walker Soft Wax to the chair using a clean cloth. If necessary, wipe off any excess wax with another clean cloth and allow the wax to dry.

Use Karen Walker Chalk Colour from Resene to instantly transform a plain varnished chair into a stylish piece of furniture.

To get the look:
Mark painted the background wall with Resene SpaceCote Flat tinted to Resene Saltpan.

Other ideas:
For a vibrant orange effect, paint the chair with Karen Walker Chalk Colour tinted to Resene Clementine Orange.
